

Dear Registered Persons

Extension of the effective date of Identification of Work (IDoW)

The 5th term Council has taken heed of many calls from registered professionals to extend the effective date of the IDoW, in particular the Limited Special Dispensation (LSD).

Accordingly, the 5th term Council has resolved to extend the effective date of the IDoW by six (6) months period. After the expiry of the six months period on 31 October 2022, the LSD shall no longer be available.

We encourage all eligible registered professionals to apply for LSD within the prescribed time frame.

Furthermore, the 5th term Council has decided to grant registered professionals who are applying for LSD exemption from payment of application and assessment fees.
